- Other, please specify:

Do you have experience working with gifted individuals? Do you typically work with children, teens, adults, and/or families?

I work solely with gifted adults. I have many years experience as a psychotherapist and have been working solely with gifted adults for 15+ years.

Do you have a specialty or preferred area of expertise? Do you have additional certifications or training that may be of interest to families with gifted children?

My practice is dedicated to working with gifted adults, half of whom have concerns with alcoholism and/or other addictions.

Have you worked with twice-exceptional children/teens and their families?

No.

Briefly state how your understanding of the needs of gifted/2e individuals and families inform your approach?

NA

Please list any professional organizations in which you are affiliated.

I am a member of the American Counseling Association. I have presented at a number of SENG and NAGC annual conferences on topics relevant to gifted adults.

Thank you for including options for adults in this listing! I have found that the majority of my clients are parents, but are not seeking services about parenting concerns.

About NWGCA

The Northwest Gifted Child Association (NWGCA) is a support and advocacy organization for parents of gifted children. Organized in 1963, NWGCA provides support and information to parents of gifted children. It continues to help parents enhance and hone their parenting skills and gives them tools to speak out for an appropriate gifted education and deal with this learning difference we call giftedness. NWGCA works with individual families, talking with them by phone and through emails, providing appropriate referrals and resources through our website. Thank you for completing this application form and for supporting the gifted and talented families of Washington State. Please email completed form to providers@nwgca.org.
