Medical Professional, please specify:  
Counseling/Therapy  
Educational Testing/Assessment  
Occupational Therapy  
Physical Therapy  
Consulting/Coaching  
Tutoring  
Other, please specify: physician/psychiatrist

## Do you have experience working with gifted individuals? Do you typically work with children, teens, adults, and/or families?

Yes. I typically work with very young children (preschool - early elementary) and their families as I most enjoy this age group and helping their parents understand the unique needs of their gifted young person, however I have worked with gifted teens and adults as well.

## Do you have a specialty or preferred area of expertise? Do you have additional certifications or training that may be of interest to families with gifted children?

I am a double board certified Child Psychiatrist. I am licensed to practice medicine in WA, CA, AK, and IL. In addition to completing medical school, General Psychiatry residency, and Child Psychiatry fellowship, I have also completed additional training in Family Health Coaching, School-based Health, Giftedness, and Dyslexia.

**Have you worked with twice-exceptional children/teens and their families?**

Yes

**Briefly state how your understanding of the needs of gifted/2e individuals and families inform your approach?**

Understanding and recognizing how cognitive atypicality impacts mental health and how mental health challenges can obscure giftedness are key elements in how I approach my patients. I seek a thorough understanding of each individual's strengths and challenges in order to help them and their family work towards optimal functioning.

**Please list any professional organizations in which you are affiliated.**

American Board of Psychiatry & Neurology (ABPN), National Board of Physicians & Surgeons (NBPAS), Northwest Gifted Child Association (NWGCA)

**About NWGCA**

The Northwest Gifted Child Association (NWGCA) is a support and advocacy organization for parents of gifted children. Organized in 1963, NWGCA provides support and information to parents of gifted children. It continues to help parents enhance and hone their parenting skills and gives them tools to speak out for an appropriate gifted education and deal with this learning difference we call giftedness. NWGCA works with individual families, talking with them by phone and through emails, providing appropriate referrals and resources through our website. Thank you for completing this application form and for supporting the gifted and talented families of Washington State. Please email completed form to [providers@nwqca.org](mailto:providers@nwqca.org).
