Do you have experience working with gifted individuals? Do you typically work with children, teens, adults, and/or families?

Yes. I work with everybody ages 6 and up.

Do you have a specialty or preferred area of expertise? Do you have additional certifications or training that may be of interest to families with gifted children?

I specialize in neuropsychological assessment and the diagnosis of AD/HD, learning disabilities, and other issues that may need support to encourage optimal learning and support for children.

Have you worked with twice-exceptional children/teens and their families?

Yes. It's about a fourth of my practice.

Briefly state how your understanding of the needs of gifted/2e individuals and families inform your approach?

As a 2e learning myself, I have a lifetime of personal experience I draw from to help translate assessment findings and next steps for families in an easy-to-understand and implement way. I'm an expert in helping families answer the question, "What's next?", utilizing my connections in our community to set up the gifted or 2e learner for success.

About NWGCA

The Northwest Gifted Child Association (NWGCA) is a support and advocacy organization for parents of gifted children. Organized in 1963, NWGCA provides support and information to parents of gifted children. It continues to help parents enhance and hone their parenting skills and gives them tools to speak out for an appropriate gifted education and deal with this learning difference we call giftedness. NWGCA works with individual families, talking with them by phone and through emails, providing appropriate referrals and resources through our website. Thank you for completing this application form and for supporting the gifted and talented families of Washington State. Please email completed form to providers@nwgca.org.
